

## CAPABILITES

AFC Management is an 8(a) Certified, woman-owned business founded in 1997. AFC provides scalable **business support, project management** and **occupational health services**. Most notably, AFC has provided full service contract management and health facilities support services for federal, state and local government as well as the private sector.

### PROGRAM MANAGEMENT & STAFF AUGMENTATION

AFC Management specializes in all levels of program management and staff augmentation. Operational and staffing support areas include: Technical Support, Project Management, Administrative Support, Logistics, Health and Medical Support Personnel and Subject Matter Experts.

### PROFESSIONAL DEVELOPMENT, TRAINING & EDUCATIONAL SUPPORT

Customized and Off-the-Shelf Training, Coaching and Facilitation Solutions are at the core of our business suite of services. Our team of professionals includes education experts, coaches, PHDs, and organizational consultants. These subject matter experts will work closely with your agency leadership to assess and implement training solutions that meet mission requirements and create positive outcomes in communication, organizational development and operating procedures.

### OCCUPATIONAL HEALTH & WELLNESS FACILITIES OPERATIONS

AFC Management Services currently manages over 30,000 employee lives in the federal and commercial sector. We deliver facilities management, staffing, strategic management and design and development solutions in the areas of medical services, fitness and wellness management and occupational health.
